PENTWATER MUNICIPAL MARINA REPORT

JUNE 2016

TO: PENTWATER VILLAGE COUNCIL

PENTWATER VILLAGE MANAGER ROB ALLARD

The month of June was very slow as expected even with the nice weather and very few rain days.

The launch ramp has also been slow due partly because the fishing has been very slow.

Adams Marine Construction has been working on replacing the north wall of the marina. Work has been a little slow because of a concrete wall forced the new wall to be placed in front of the failed wall.

July has started out very good with all the good weather and the long holiday weekend.

Services Committee Meeting Minutes
June 13, 2016

Members Present: Norm Shotwell, Jared Griffis and Don Palmer
Others present: Rob Allard, Village Manager, Mike Freed, resident

Chairman Shotwell called the meeting to order at 1408.

Request for reduction in Village utility bill

Chairman Shotwell reviewed the relevant ordinance (see below), and showed Mr. Freed, via the Village website, the ordinance as he had not previously read it.

Title V; 50. Utilities; 50.026 Water: 50.026 DEFINITION. For the purpose of this chapter, the following definition shall apply unless the context clearly indicates or requires a different meaning.

ESTABLISHMENT. Each lot, parcel of land, or building having connection to the municipal water system, or which is eligible for such a connection.

(1) Each residence or residential unit is a separate ESTABLISHMENT, regardless of whether it is freestanding or is in a connected structure, such as a duplex, flat, apartment or condominium unit.

Mr. Freed then provided the Committee with a recap of his written request (see below), which had been shared with the Committee earlier.

Following discussion, Palmer made a motion that the request be denied, per the ordinance, but that the Council be requested to direct the Ordinance Committee to undertake a review of the ordinance with respect to this general issue of facilities built for overflow guests, not rented. Supported by Griffis. After further discussion, the motion passed 2 to 1.

Meeting Adjourned at 1438.
Respectfully,

Norman Shotwell, Chairman

Subject: Water bill

Dear Mr. Allard,

Recently, you spoke to my wife, Paula, regarding the status of our quarterly water bills. We just paid our quarterly minimum water bill ($441) on March 28th and are writing to you to ask the Village to only charge us for one minimum water bill, instead of the two minimum water bills you are currently assessing us with.
Village of Pentwater
Services Committee Meeting Minutes
June 13, 2016

Our home, at 259 South Carroll Street, has always had only one water meter. In the early 2000's, we renovated a shed at the back of our property and made it into a guest house for our family and friends. Interestingly, at the time, we were challenged by the Village on making sure that (a.) we had adequate parking and (b.) we connected the shed to the main house (via a breezeway) because zoning would only permit one structure on our lot. We complied with the Village’s requests and had all necessary inspections performed. We were not at all happy to have the Village later come back and assess our property with TWO minimum water bills given how insistent you were that zoning would only permit one residence on our lot and that we improve our parking to make sure we had room for two cars on a cement pad (even though we rarely have more than one car there). In short, we spent the money to make sure our residence was truly "one" residence and then you proceeded to tell us we would have two water bills due to our having two structures on our property. We then proceeded to look into this matter but got nowhere at the Village.

If you check our water records, even with the underground sprinkling system we have in place to water our perennials and shrubbery, I'm sure you'll see that we don't even use enough water to meet one minimum water bill. In addition, as we told the Village when we renovated, we haven't rented our guest house either. Generally, it's used @ 3 weeks per year and the water comes off a water line connected at the back of the house (which, because it is not below grade, is completely shut off and drained between October and May).

There's simply no logical, nor perhaps legal, reason for a single family home (by your definition) to be paying two minimum water bills. Frankly, if years ago you had just asked us to make an annual donation to Pentwater in order to assist the Village, we probably would've done it; however, no one likes feeling as though they're being assessed unfairly (as we certainly do).

We request that the Village begin assessing us for one minimum water bill, rather than the two we're currently being assessed, starting with the next assessment, consistent with the single housing structure that exists on this residential lot.

Regards,
Mike Freed

Subject: Village / Township Land Swap / Tennis Courts Property

Councilors:

The Building and Grounds Committee Authorized in committee on May 5, 2016 negotiations with Pentwater Township for the property exchange of the parcels listed below. The purpose of the exchange was for the village to assume ownership of the Township owned parcel that abuts the village’s tennis and basketball courts on the north end of the Village. This would allow future recreational property expansion and development. In exchange for this property the village is offering the parcel located at the southwest corner of Lansing Avenue and Business Route 31 in the township.

It is hereby requested of the village council that a resolution be passed for the proposed land exchange.

The Village of Pentwater is offering title to;
Parcel 001-438-001-00 located in the township approximately 1.7 acres

For receipt of title from Pentwater Township;
Parcel 044-580-101-00 located in the village approximately 2.5 acres
